This workshop will focus on helping students acquire essential process skills and learn various techniques to answer according to what the question requires in answering open-ended questions.

Students will learn:

✓ why marks are deducted from their seemingly ‘correct’ answer
✓ how to avoid losing marks due to writing **incomplete** or **non-specific** answers in open-ended questions
✓ how to **apply / link** keywords & concepts correctly to questions
✓ to solve various **higher order thinking skills** questions
✓ to solve **new and unfamiliar** questions that tend to appear in recent year’s PSLE Science paper.

Questions from:

<table>
<thead>
<tr>

<tbody>
<tr>
<td>P3</td>
<td>Interactions: Magnets, Systems: Digestive System</td>
</tr>
<tr>
<td>P5</td>
<td>Systems: Electricity, Circulatory and Respiratory Systems Energy: Photosynthesis &amp; Respiration</td>
</tr>
</tbody>
</table>

**Workshop Details**

**Experiments:** Fun hands-on experiments will be conducted during the workshop to reinforce the concepts learnt. Some of the attention grabbing experiments specially imported from USA include:

- Control variables with an explosive chemical reaction (safe),
- Foamy, oozy digestion experiment,
- Create an instant slimy polymer worm,
- Fun with the mysterious plasma ball
- Glow in the dark experiments and more…

**Schedule:**

- Duration: 5 days workshop 2 hrs per lesson
- (+ 1 free optional class in term 3 mid-break to conduct experiments)
- Venue: Science Edventure Education Centre
  - Blk 269 Bishan Street 24 #B1-192
- Cost: $325

Slots Available
Primary Six Holiday Workshop
Date: Mon 11th May to Fri 15th May 2020  Time: 9.00 am to 11.00 am
Date: Mon 11th May to Fri 15th May 2020  Time: 11.15 am to 1.15 pm
Date: Mon 18th May to Fri 22nd May 2020  Time: 9.00 am to 11.00 am
Date: Mon 18th May to Fri 22nd May 2020  Time: 11.15 am to 1.15 pm

*More slots may be opened, if there is more demand.

Information About The Centre & Trainer

The Centre: Science Edventure is an education centre that specialises in the teaching of science. The centre focuses on building up a strong foundation in science through specially prepared notes, exciting experiments and challenging worksheets to ensure that students get a thorough understanding of science concepts and build up their process skills.

The trainer: Mr. Jason Lim has been helping students in the GEP as well as main stream achieve outstanding results in science for over fifteen years. His passion is in making science a fun-to-learn and easy-to-score subject for every student. He is the author of the highly rated PSLE Science assessment book “Just Before the Exam”, Model Answers to PSLE science 2013 – 2015 and also involved in writing science materials in other publications.
Application Form

Please indicate 1st and 2nd choice of dates/time in the box. You will be contacted to attend a slot of your 2nd choice only if your child is unable to be allocated a slot of your 1st choice. If you are not contacted, please proceed to attend your 1st choice indicated in this form. Please submit the form to Science Edventure as soon as possible to secure your preferred slot.

Student’s Particulars:

Name: ____________________________________ Gender: Male/Female

Address: ___________________________________________________________

______________________________________________ Postal Code ( )

Current School attending: _____________________________________________

Marks scored for the most recent Science exam: ____________

How did you know about the workshop: ______________________________

Parents’ Particulars:

Father’s Name: _______________ Contact Number: _______________________

Mother’s Name: _______________ Contact Number: _______________________

Payment Details:

Payment can be made by PayNow to 96608689 or through internet banking to account: OCBC 501-739221-001 Science Edventure Education Centre. Please include your child’s name and course (PSLE May Workshop) in the remarks.

* Please note that fees paid are non-refundable under any circumstances.
